INDUSTRY-PROVEN OZONE CLEANING & SANITIZING SYSTEMS

M-35KT

The new M-35KT system is an entry level ozone "kit" for small to mid-sized processors, distributors, and retailers. It includes everything required to start using ozone in your hand processing operation.

Great for receiving areas or as a replacement for chemical sanitizers during sanitation.

Perfect for small to mid-sized processors, distributors, and retailers.

Can be used continuously during production.

Simple installation (no contractors); operates on a standard garden hose city water feed.

How It Works

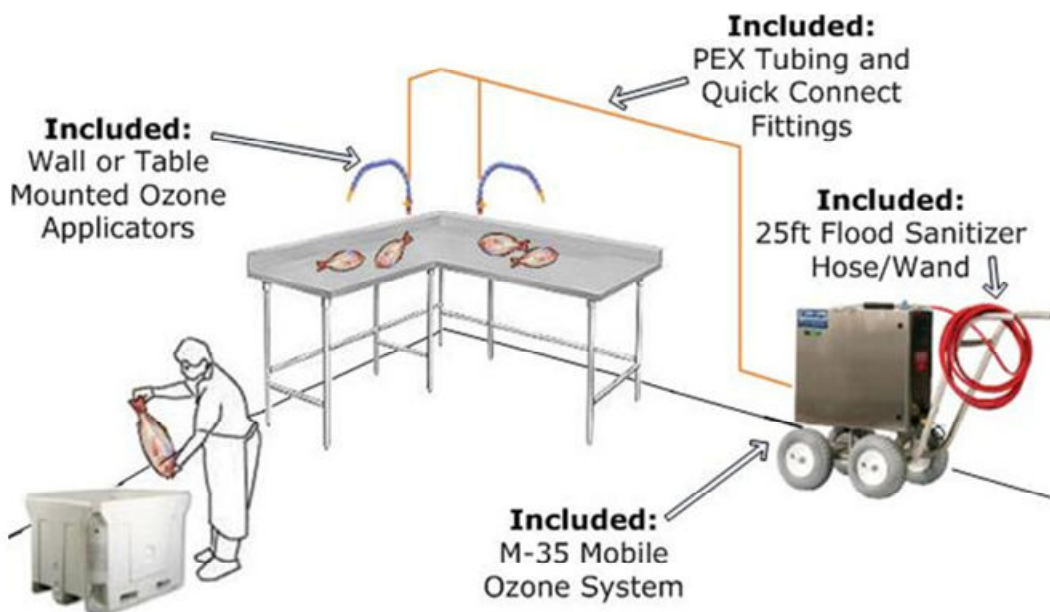

Fig 1. M35KT Ozone kit offers a food safe solution

The M-35KT system can be used continuously during production (tables, cutting boards, etc...) OR as a mobile flood sanitizer with the included 25ft hose/wand. It's great for treating the receiving area and/or using as a replacement for chemical sanitizers during sanitation. The ozone resistant heavy duty PEX tubing (included) is simple to install with the provided quick connect fittings and wall clamps.

- * Simple installation. No contractors required
- * Operates on standard 110VAC electricity
- * Operates on standard garden hose city water feed.
- * Includes installation materials and applicators for connection to processing tables.
- * Can be used as a mobile flood sanitizer when not being used during processing.

Food safe ozone applicators (4 included) are designed to hold up in the toughest food processing environments while still allowing for adjustment and repositioning of the ozone output for treating various products (See Fig 1).

INDUSTRY-PROVEN OZONE CLEANING & SANITIZING SYSTEMS

M-35KT Kit Component List:

- Quantity 1 - M-35 Mobile Ozone System
- Quantity 4 – Ozone low flow trickle applicators (wall or table mount) with quick connect push/pull tubing connectors. Includes distribution block and control valve.
- Quantity 1 – 25ft flood sanitizer hose/wand assembly
- Quantity 1 – 50ft $\frac{3}{4}$ " Heavy Duty PEX Tubing
- Quantity 1 – 25ft $\frac{1}{2}$ " Heavy duty PEX Tubing
- Quantity 25 – $\frac{3}{4}$ " tubing wall clamps
- Quantity 25 – $\frac{1}{2}$ " tubing wall clamps
- Quantity 3 – Quick Connect Push/Pull Tubing TEE connectors $\frac{3}{4}$ "x $\frac{1}{2}$ "
- Quantity 1 – Quick Connect Push/Pull Tubing Tee connector $\frac{3}{4}$ " x $\frac{1}{2}$ " x $\frac{1}{2}$ "
- Quantity 1 – Quick release connector for PEX to Ozone Generator connection
- Quantity 1 – Dissolved ozone manual test kit
- Quantity 1 – Hand Held ambient ozone sensor.
